

GENERAL INFORMATION

Energizer is designed to be applied in combination with other liquid fertilizer products. It can be soil or foliar applied. Before mixing Energizer with other products, always evaluate product compatibility by performing a jar test.

DIRECTIONS FOR USE

- Mix well before use
- Dilute fertilizer for application
- Conduct jar test for compatibility before mixing
Synergy with other products

For crop-specific application rates, please contact your local sales representative.

STORAGE AND DISPOSAL

Store in a cool dark place. Dispose of waste and containers in accordance with state and local regulations.

Marco Corporation warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the label when used according to the directions. Seller and manufacturer make no other warranties, express or implied. Buyer assumes responsibilities and risks associated with product use.
